

VANSHIKA BATRA

Interior Architect | AutoCAD & 3D Visualization Specialist | Dubai, UAE

Email: Batravanshika123@gmail.com | **Phone:** 0556309457 | **LinkedIn:** linkedin.com/in/vanshika-batra-71b206218 | **Visa:** UAE Student Visa (part-time & internship eligible)

PROFESSIONAL SUMMARY

Dubai-based Interior Architect and AutoCAD Specialist with 2+ years of professional experience delivering precise technical drawings, photorealistic 3D visualizations, and complete construction documentation for residential and commercial projects. Currently pursuing an M.A. in Interior Architecture and Design at Heriot-Watt University Dubai. Proficient in AutoCAD, MEP coordination, Reflected Ceiling Plans, FF&E, SketchUp, 3ds Max, Lumion, Enscape, Corona, V-Ray, and D5 Render. Featured exhibitor at Venice, Italy. Actively seeking on-site opportunities with Dubai-based architecture and interior design firms.

CORE SKILLS & SOFTWARE

CAD & Drafting: AutoCAD 2D/3D, MEP Layouts, Reflected Ceiling Plans (RCP), Floor Plans, Elevations, Construction Documents, Revit (familiar)

3D & Rendering: SketchUp, 3ds Max, Lumion, Enscape, Corona, V-Ray, D5 Render, 3D Visualization, Photorealistic Rendering

Design: Interior Design, Space Planning, Material Selection, FF&E Coordination, Biophilic Design, Sustainable Design, Universal Design, Design Development

Software: Adobe Photoshop, InDesign, MS Word, MS Excel, MS Outlook, Google Workspace

Project Skills: Client Consultation, Vendor Coordination, Budget Management, Timeline Planning, Site Visits, Construction Documentation

PROFESSIONAL EXPERIENCE

Junior Interior Architect | Design Cloud Architects, Punjab, India | September 2024 – December 2025

- Created 50+ detailed AutoCAD drawings — floor plans, interior elevations, and full MEP (Mechanical, Electrical, Plumbing) layouts including AC and sewage systems
- Developed Reflected Ceiling Plans (RCPs) integrating ceiling designs with precise electrical and lighting layouts for contractor execution
- Produced construction documents and design development drawings translating conceptual briefs into contractor-ready architectural drafts
- Delivered end-to-end elevation design and high-quality 3D renders using SketchUp, Lumion, and rendering tools for interior spaces and exterior facades
- Led 8+ client consultations and design presentations ensuring alignment with functional, aesthetic, and budget requirements
- Executed FF&E coordination and material selection producing precise technical details for accurate site execution
- Reviewed and quality-checked all project drawings to eliminate errors before submission to contractors

Junior Interior Designer | Idealarch, Punjab, India | May 2024 – September 2024

- Drafted comprehensive AutoCAD working drawings including floor plans, interior elevations, and MEP layouts covering AC and sewage systems
- Developed Reflected Ceiling Plans (RCPs) integrating ceiling designs with electrical and lighting layouts for contractor use
- Handled end-to-end elevation design converting sketches into precise architectural drafts and 3D visualizations
- Led FF&E sourcing and vendor coordination selecting flooring, wall finishes, and custom materials within budget constraints
- Conducted site visits to verify project compliance with design specifications
- Researched current design trends to inform design development decisions and recommendations

EDUCATION

M.A. — Interior Architecture and Design | January 2026 – Present

Heriot-Watt University, Dubai, UAE

B.Sc. — Interior Design | August 2021 – June 2024

Chandigarh University, Punjab, India

CGPA: 7.8 / 10

High School Diploma, Commerce | 2019 – 2021

Amritsar, Punjab, India

95%

KEY ACADEMIC PROJECTS (M.A. — HERIOT-WATT UNIVERSITY DUBAI)

All-Inclusive Neighbourhood Hub — Barsha Heights & Dubai Marina

Community-driven urban design applying Bonsai principles across functional zones — fractal museum, co-learning pods, pottery workshops, and yoga room.

Healthcare Interior Design Studio

12-week studio integrating mathematical fractal geometry with biophilic design solutions to improve patient well-being in healthcare environments.

Pulse Cycle — E-Waste Management Service

Phygital service concept with complete service blueprint, tech flow, and pitch deck for UAE-wide e-waste management implementation.

CERTIFICATIONS & EXHIBITIONS

- Featured Exhibition — Installation piece exhibited in Venice, Italy
- The Architectural Imagination — Harvard University (edX)
- Architecture Studio: Building in Landscapes — MIT OpenCourseWare
- Circular Economy for a Sustainable Built Environment — Delft University of Technology
- Sustainable Building Design and Specification — Parsons School of Design (Coursera)
- Software & Rendering Mastery — SketchUp, Lumion, Photoshop, 3ds Max, V-Ray, Corona — Lomos Archilabs
- Diploma in Interior Design; Interior Technical Services — Iconic Interiors — Alison / Ekta Badiani
